

Supporting by-law change to strengthen the power of APNIC Members

Statement from the Chair of the APNIC Executive Council

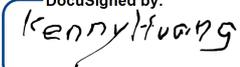

Date: 12/7/2023

The APNIC Executive Council believes it is in the best interest of APNIC Members to have practical power to make changes to the APNIC By-laws.

We fully support the actions taken by the Directors of APNIC Pty Ltd to make the process of by-law change easier, by lowering the threshold for a successful Member vote on by-law reform from two-thirds of all Members to two-thirds of all votes cast.

We hope this will allow APNIC Members to modernise and improve the by-laws for the better.

Sincerely,

DocuSigned by:
